PROFILE

A detail-oriented and analytical Financial Analyst with 3 years of experience in financial modeling, budgeting, and performance analysis. I focus on strengthening the company's financial health by supporting decision-making processes with data-driven approaches. Proficient in working with large datasets and transforming complex financial data into understandable reports.

WORK EXPERIENCE

Corporate Investment Bank MAY 2022 - PRESENT
May 2022 - Present

- Created and updated detailed financial models (DCF, Comparable Analysis) to evaluate companies' financial performance.
- Prepared monthly and quarterly financial reports, presenting variance analyses to the board of directors.
- Played an active role in budgeting and forecasting processes, ensuring efficient management of departmental budgets.
- Conducted feasibility studies for investment projects and performed risk analyses.

AAA Consulting September 2020 - April 2022
Junior Financial Analyst

- Prepared market research and industry analyses for client companies.
- Assisted with financial data entry and basic accounting record verification.
- Undertook data collection and organization tasks for management reports.

EDUCATION

Bachelor of Science: Business Administration (Finance Focus) September 2016 - June 2020

Koç University
