## SUMMARY

A passionate and recently graduated Landscape Architecture Assistant, eager to create environmentally conscious and aesthetically pleasing outdoor spaces. I'm keen to apply the theoretical knowledge gained from my university education and internship experience to practical applications. Proficient in landscape design principles and effective use of design software like AutoCAD and SketchUp, I'm a detail-oriented professional aiming to contribute to sustainable landscape solutions.

## SKILLS

- Landscape Design
- Plant Knowledge
- AutoCAD
- SketchUp
- V-Ray (Basic Level)
- Adobe Creative Suite  
(Photoshop - Basic Level)
- Site Observation
- Teamwork

# MERT CAN

## Landscape Architecture Assistant

### EXPERIENCES

#### LANDSCAPE ARCHITECTURE INTERN

Yeşil Kent Peyzaj, İstanbul July 2024 - September 2024

- Assisted with the drawing phases of landscape projects, preparing technical drawings using AutoCAD.
- Participated in site surveys and helped compile plant lists.
- Utilized SketchUp and V-Ray for 3D modeling and rendering work for project presentations.
- Provided general support for in-office landscape architecture operations and handled filing tasks.
