SUMMARY

An award-winning Interior Architecture Director with 7 years of experience in designing creative and functional spaces. I possess a broad range of competencies, from project management and client relations to sustainable design principles and innovative material selection. My focus is on delivering interior solutions that seamlessly blend aesthetics and ergonomics, exceeding client expectations and enhancing quality of life. I have successfully led large-scale residential and commercial projects.

EXPERIENCES

INTERIOR ARCHITECTURE DIRECTOR

Sanat Yapı Tasarım, Istanbul

- Managed the design and implementation processes of over 25 large-scale projects, including residential, office, and retail spaces.
- Led and mentored a team, ensuring design goals were met and projects remained under budget by an average of 15%.
- Developed innovative designs that exceeded client expectations in terms of both aesthetics and functionality.
- Integrated sustainable material selection and energy-efficient design solutions into 80% of projects.

SENİOR INTERİOR ARCHİTECT

Tasarım Atölyesi, Istanbul

- Played an active role in concept development, drawing, and presentation phases of various scaled interior projects.
- Managed supplier relationships and effectively contributed to material selections.
- Conducted site inspections and monitored the implementation process.
